

Authorised Assessment Centres February 2024

We will contact you no later than 1 February 2024 about when to make your assessment entry with the University and the assessment centres. Do not contact them before this date.

- Students are expected to travel to their nearest authorised assessment centre.
- Some assessment centres have limited accommodation, so students should make their exam entry as early as possible.
- Students are responsible for confirming with their assessment centre the exact assessment venue, the exact assessment starting time, and the exact time to report at the assessment venue.
- This list is subject to change so please check back regularly.
- **DO NOT contact the examination centres directly to make your exam entry. You MUST go through the Exam Entry task using the student portal and you will be provided with the correct link for the exam centre.**

Country	City/Province /State	Examination Centre	Contact
